

THE PACE UNIVERSITY CONDUCT POINTS SYSTEM

HOW IT WORKS

- ◇ A student found responsible for violating University, and/or Guide to Residential Living-policy is assigned points according to the table of violations
- ◇ Points and/or other sanctions are assigned after the Resolution Meeting Process
- ◇ Points remain active for 1 calendar year after a student receives them
- ◇ Previous violations are considered before points and/or other sanctions are assigned
- ◇ If a student reaches 15 conduct points, they may be removed from on-campus housing

The following schedule of sanctions is intended to serve as a predictor for most policy violations and therefore is not inclusive of all possible sanctions. Other sanctions are outlined in the Guide to Residential Living but are not limited to, mandatory alcohol/drug referral to the Counseling Center, monetary fine, etc.
