5. There are several options for sharing your page:

◇ **Public:** Anyone, in or outside of the Pace community, will be able to view your page/collection. Your pages will show up when searched for in a search engine such as Google. If you choose this option, you can use the following URL to share your pages:

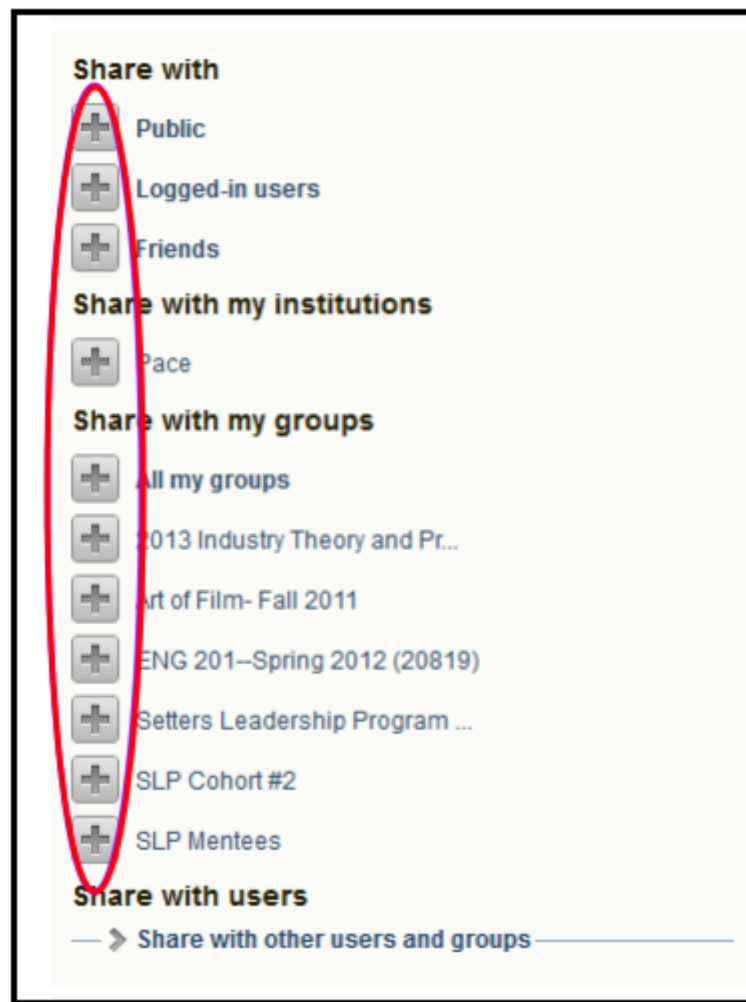

<https://eportfolio.pace.edu/public/YourUsername>

◇ **Logged-in users:** Open to anyone in the Pace community who logs into ePortfolio. Note that the “share with my institutions” setting is the same as the “logged in users” setting.

◇ **Friends:** Open to a select group of Pace ePortfolio users who you’ve friended, or whose friend requests you accepted.

◇ **Users:** Open to individual Pace ePortfolio users of your choosing.

◇ **Groups:** Open to Pace ePortfolio groups of your choosing. No membership required.

**\*Note: Check with your instructor to confirm how long they will need access to you page(s).**
