FINANCE

# EXPERIENCE-BASED. STRATEGICALLY PLACED.

*Accounting and finance or business analytics.  
Marketing or arts and entertainment management.  
All in the financial capital of the world.  
Meet the LUBIN SCHOOL OF BUSINESS.*

**BOUNDLESS.** Go anywhere and do anything with more than 20 programs all aligned with New York's global business community. Programs are offered on both campuses, with several options available for you to study business around the world.

**ELITE.** Recognition and partnerships with the Association of Chartered Certified Accountants, Chartered Financial Analyst Institute, Global Association of Risk Professionals, and AACSB International (one of fewer than 3% of schools worldwide accredited for both business and accounting) give your Lubin degree a reputation for excellence.

**COMPETITIVE.** The most visible national advertising, marketing, accounting, and finance competitions—our student teams are there, active, and winning.

**CONNECTED.** Lubin makes it easy for you to shake the right hands and network with the right people. Alumni are always looking to hire Pace students in the entertainment, financial, and start-up industries, and C-suite business leaders visit campus through the Executive in Residence program.

**EQUIPPED.** As a Lubin student, you'll learn by doing—in classes that let you invest real money, programs that let you pitch real business ideas for funding and running your own business, and through courses like Bloomberg Market Concepts, where you earn certification and gain critical business and financial skills.
