

Health Insurance

Mandatory Health Insurance

- Health insurance is ***mandatory*** for all Pace University students. All students are automatically charged a fee for health insurance in their student bills.
- Students may find a copy of the “Pace University International Student Accident and Sickness Insurance” policy here:
 - <http://www.pace.edu/health-insurance/international-students>

Waivers

- Pace University will consider waiving (removing or refunding) the fee for Health Insurance only if the student demonstrates coverage under another insurance policy. That coverage must be determined to be equal to or better than the coverage provided under the University's policy.
- Waiver forms are available here as well: <http://www.pace.edu/health-insurance/international-students>

Waivers

- When you complete the waiver form please return it to:

The Allen J. Flood Companies, Inc.

Two Madison Avenue

Larchmont, NY 10538

attn: Pace International Student Plan

Please include a copy of your existing insurance policy in English and in U.S. dollars.

You can also email a copy of the waiver form and policy to pace@ajfusa.com.

***The deadline to submit a waiver application is 5 weeks after the start of the semester**

UnitedHealthcare Student Resources Website

- Insured students have online access to ID Cards, insurance claims, explanation of benefits, network providers, etc. by logging in to *My Account* at: www.uhcsr.com/myaccount
- Students who have not yet set up their online account should click the “Create My Account Now” link at the above website, then follow the onscreen directions to establish an online account using their Pace email address. After logging in for the first time, they will receive their 7-digit Insurance ID number.

Insurance ID Cards

- Insurance ID cards are no longer automatically mailed out to students. Instead, an email notification will be sent to the student when the digital ID card is available to be downloaded from *My Account*. An insured student may also use *My Account* to request delivery of a permanent ID card through the mail.
- ID Cards may also be accessed via the mobile site at: my.uhcsr.com

In Case of Emergency

- In case of an emergency, students should go to their nearest hospital or healthcare location!
- If at all possible, in a non-emergency situation, it is best for students to go first to Pace University's Health Care Center.
- If the student is not in the area, it is recommended that the student search for a healthcare center which is covered by the student's University insurance (use the "Search for Provider" function on <https://www.uhcsr.com/pace>).

Pace University Health Care Center

- The University Health Care Center is able to provide students with basic care, as well as to provide referrals if the student requires additional treatment not offered by the Health Care Center.
- The Health Care Center is located at ***41 Park Row on the 3rd Floor*** and may be reached by telephone at ***(212) 346-1600***.

A Great Video

- Check out this great video explaining the basics of US health care!
