

Exercise 3: Creating a Rubric

You are the faculty at a culinary school and need to develop a *descriptive rubric* to evaluate the capstone project for seniors. In the culinary capstone, students are asked to develop the **ultimate candy**. Using the template below, develop a descriptive rubric to evaluate the mouth-watering masterpieces. You may have as many levels of achievement (rating scale) and criteria as you wish for evaluation. You must provide descriptions for both levels and criteria.
