

Exercise #2 - Developing SLO for a Program, Event, or Activity

Instructions: Complete learning goals for three or more programs in your area. Make them SMAR-T and choose a level of learning (Bloom's) to be achieved. Select one person to report back from your table. Assume your audience will be students, but if there is a subgroup report that back to the group (e.g. RA's, Student Government Leadership, Orientation Advisors, etc.)

Educational Objectives connected to Learning Goals:

1. Upon Completion the Student(s) will be able to / will learn (Describe the learning goal):

Program: _____

SLO Goal: _____

Level of Learning: _____

Program: _____

Goal: _____

Level of Learning: _____

Program: _____

Goal: _____

Level of Learning: _____

Bloom's Taxonomy of Learning:

Remembering, Understanding, Applying, Analyzing, Evaluating, Creating

SMAR-T: Specific, Measurable, Achievable, Realistic, Time Oriented (if applicable)
